CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Redwood City a manufacturing center should be the slogan of the hour.

More factories mean better times for every body. The merchant will profit and so will the mechanic and the laborer.

If you want a government for the people and by the people, vote at the primaries for the nomination of Charles F. Curry as the Republican nominee for Governor.

Show the members of the Board of Trade that you are with them in their efforts for the advancement of the business interests of the City. Work for the shoe factory, talk for the shoe factory, contribute for the shoe factory.

There is no use trying to cover up the issue in the Republican party. A vote for Jas. T. O'Keefe for District Attorney means a vote for the good government of San Mateo county in every sense of that term. He is the man who will stand for a square deal for all and the absolute enforcement of the law as it is on the books.

As a matter of business in the administration of the affairs of the State, the office of Superintendent of Printing is one of the most important. The occupant of this office should be a practical printer as well as a good business man. Friend W. Richardson has all of these qualifications. He is a thorough master of the printing business and can be relied upon to conduct the office in a business like manner.

While the District Attorney of this county should necessarily be a man of the best legal ability, obtainable, this is far from the only important qualification required from that official. He should also be a man of good business ability and mature judgment, and one thoroughly familiar with the business affairs of the county. Of all the aspirants for the nomination for this important place, Jas. T. O'Keefe seems to possess these important qualifications to the highest degree. A resident of the county for many years, during all of which he has had an opportunity to become thoroughly acquainted with both its business and legal affairs, he is thoroughly equipped to advise the various officials in their duties and care for the interests of the county.

All indications point to the reelection of P. P. Chamberlain as County Treasurer by the largest majority he ever received. The people know Mr. Chamberlain and the more he is abused by self-seekers the more will the steady manhood of San Mateo county flock to his side to sustain and vindicate him. His critics know full well that he never did a dishonest act in his life but if all his kindness and charity could be used in concrete form to build him a monument this pile would reach to the lofty dome of heaven's carulean blue—San Mateo Times.

"True for you" neighbor. No one who knows Chamberlain or his record in San Mateo County considers (position to his nomination) election as other than a joke pure and simple. As a public official his record is without question. During his long official career he has handled the funds of San Mateo County in so careful a manner that no one can find fault with him. He is a man who is not always ready to meet legal and proper claims. As a citizen his record cannot be questioned. When the honor of the Nation was at stake, although but a boy, he was ready to and did offer up his life for her salvation. As a resident and citizen of San Mateo County his hand has always been open to the call of the needy and worthy among its unfortunate. Who among his detractors can show a better record.

The Issue Is Important.

Once more the Times-Gazette would urge upon the voters of the Republic the importance of the approaching primary election, both to their own party and to the county. That the nominees of the Republican party in this county will be elected at the general election in November can almost be taken for granted. All that is required to insure this harmony of action after the selection of the ticket at the primaries, and of this there is now almost a certainty. Practically the aspirants for the nominations for the several offices are good men, and whoever should receive the majority of the votes at the primaries will be well entitled to the unanimous support of their party during the campaign for the general election.

That full confidence should be had in the result of the primary is important however that every member of the party should participate in the selection. Not only should they go to the polls on August 16th and cast their votes, but from this time to that date they should give the matter careful con-

sideration to the end that the most available and satisfactory candidates may be placed on the ticket of the party.

Not only this but care should be taken in the selection of the men who shall compose the central committee of the party and thus have the management of the campaign and the enunciation of the principles of action upon which its nominees shall go before the people. Upon the personnel of this committee will depend much for the necessary harmony of action that will make victory in November certain.

That there should be differences of opinion as to the availability of the various candidates, and that each should have their special advocates comes as a matter of course. Were this not a fact there would be no occasion for a contest as to their selection. And it is well for the interests of the party that there should be this difference of opinion. But this far from indicates the necessity for rancor or bitterness. While the friends and admirers of each candidate will and undoubtedly should do their utmost to secure his selection, there should be no bitterness in this contest within the party. When the candidates have been selected by the majority of the members of the party all should get together and give the fortunate ones their hearty support. There should be the utmost confidence in the result, and there certainly will be if every voter does his duty at the primaries.

CITY COUNCIL WILL LIMIT SALOONS

Trustees Think Redwood City Has a Sufficient Supply of Boozie Emporiums

Owing to the absence of Trustee Beeger, who is on his summer vacation, the City Council was one member short at its meeting Monday night and the selection of a site for the new City Hall again went over. The Trustees present again gave expression to their inclination to place further restriction on the spread of the saloon evil in the city, and while no definite action was taken at this meeting it was made plain that in the future it will be a difficult matter to obtain a permit for the establishment of a new saloon. The matter came up on the application of Julius Ming for a new saloon license at 218 Main street, the old Bell theater location. As soon as the application had been read, Trustee Hynding started the ball rolling by asking if saloons were not getting rather thick in that section. Trustee Brown responded with the statements that in his opinion there was already an abundance of saloons in town and that personally he was opposed to granting any more licenses for new saloons. Trustee Hynding reminded his colleagues that at the time they came into office it had been determined to restrict the business, and suggested that a firm stand should be taken against permitting an increase in the number of saloons. While Trustee Sampson had but little to say, it was evident that he coincided with these suggestions and was not at all inclined to favor the granting of new licenses. As the Council had never directly gone on record on this phase of the question, Chairman Merrill suggested that the application be referred to the committee on public health and morals, and on motion of Trustee Hynding this action was taken. Trustee Brown then gave notice that at the next meeting of the Council he would introduce a resolution providing that no additional saloon licenses be granted, at least until there shall be a material increase in the population of the city.

The contract for furnishing a supply of small water pipe was awarded to Crane & Co., their bid being slightly lower than that of the Geo. H. Tay Co. There was but one bid for the repair of Mound street, that of McGarvey, Hess & Kreiss, who offered to do the work for \$1912.50. This was a rather larger sum than the Trustees had expected to expend, and some discussion followed during which it developed that the amount of oil required in the specifications was rather excessive and added considerably to the cost. Action was deferred for the purpose of conferring with the bidders with a view to reducing the amount of oil.

For the storm sewer in the County Road there were two bids, the estimates differing widely. McGarvey, Hess & Kreiss put in a bid of \$18000, while C. W. Melvin of San Mateo offered to do the work for \$13932.74. In order to settle some question as to the liability of the telephone company for extra work final action was laid over for one week, when the contract will undoubtedly be given to Melvin.

The application of H. S. Sears for permission to move his saloon from 8 to 32 Broadway was granted. No objection was made to the work of T. C. Rice and Hess, McGarvey & Kreiss in Dingee park and they were allowed payments as follows: T. C. Rice, \$6,400.94; Hess, McGarvey & Kreiss, \$8,951.61.

Clerk Plump was instructed to advertise for bids for laying a six-inch sewer in Spruce street from Phelps street to Railroad avenue.

Harry Jamieson, on behalf of the Redwood City Band asked that the city provide funds for the erection of a band stand, stating that it was the intention of the band to give a series of open air concerts during the season, beginning the latter part of this month. Mr. Jamieson was requested to prepare a plan and estimate of the cost to present at the meeting Monday evening. The finance committee was directed to confer with A. M. Robertson in regard

SUPERVISORS HOLD REGULAR MEETING

County Board Disposes of Much Business of General Interest

The board of supervisors held an important session 1st Monday. All members were present except Coleman who is spending a brief vacation in the northern part of the State.

The following liquor dealers whose applications were read at the meeting of July 7th were granted licenses:

First township—A. Baradat, Millbrae.
Second township—W. A. Emmett Co., Belmont; A. deRoche, Belmont; M. A. Rand, Byrnes' store.

Fourth township—J. V. Azeveda, Halfmoon Bay; P. P. Quinlan, Halfmoon Bay.

Fifth township—Palm & Bell, San Francisco.

The following applications were read and will be acted upon a month hence:

First township—Mrs. Kate Sullivan, San Bruno; Joseph Perry, San Bruno; Lane & Lovegreen, Millbrae; E. H. Deaman, Tobin; Selecani & Son, Colma; Angelo Stumpmon, Colma; J. A. Gaffigan, Millbrae; A. D. Jenovian, San Bruno.

Third township—F. P. Dougherty, Woodside.

Fourth township—F. F. Sarcanda, Purisima; Peter Gianni, Halfmoon Bay.

Fifth township—Antone Bennett, Pescadero.

The communication from the United Improvement Association of San Bruno commending the action of the board for calling for bids for the street lighting of the district was filed.

August Dreger and W. Tribolet offered to clear away the trees of the courthouse grounds for \$50, they to keep the wood. The offer was filed. The Thos. Day Company of San Francisco sent a communication notifying the board that they will be ready shortly to install the gas and electric fixtures in the courthouse, and advising that a meter be installed capable of carrying the current for 800 l.p. lamps.

Chairman McEvoy stated that the letter was a response to his inquiry, as one of the committee appointed for that purpose, as to when the current would be introduced into the new building.

Maynard Bailey, representing the telephone company, explained that his concern would install 21 main lines in the courthouse for a month's rental of \$27.50 each.

The Chairman stated that one of the officials of the company quoted him a price of \$2 per phone and agreed to make the offer in writing. Bailey said 10 two party lines would be provided for that rental. McEvoy insisted that the offer made him be lived up to and that the original contract with the company be carried out. The matter finally went over until the next meeting when an official of the company would be present.

Chas. Curtin, an indigent person of Menlo Park was allowed aid in the sum of \$3 per month. The application of J. A. Gaffigan for a liquor license to do business at Millbrae was again laid over for a month.

The communication of the Redwood City Women's Club regarding the beautifying of the courthouse grounds was accepted and filed. The Club recommended the plans of John O'Farrell.

A resolution, adopted at a recent meeting of Bonita Parlor, of Native Daughters, was read recommending that a reasonable amount of money be expended in the planting of the grounds in lawns, small shrub trees and flowers and constructing paths.

George W. Lovie, speaking for the Redwood City Board of Trade, stated that such plans as those prepared by Mr. O'Farrell would be suitable, omitting concrete seats and tall trees. There should be a central walk, but to act in an advisory capacity. McEvoy called Francis to the chair and moved that the plans of John O'Farrell be accepted.

Chairman Merrill stated that he had been informed by the general manager of the telephone company that it was not intended to exact a deposit of \$5 on the installation of a phone except from transient people and that the local agent had been in error in making the charge against permanent residents.

A communication was read by Clerk Plump from F. A. Cunningham, secretary of the Tanforan site committee, asking that the Council cooperate in a concerted movement to secure the location of the Panama-Pacific Exposition at Tanforan Park. The Council favored this action and referred the matter to Trustee Hynding to outline a proper course of action.

Several ordinances looking to the improvement of sanitary conditions had been prepared by the Board of Health but owing to the lateness of the hour but two were introduced and read. These provide for the regulation of the sale of milk and cream and compel the removal of poison oak from premises in the city limits.

An adjournment was then taken until next Monday evening.

O'Farrell be accepted and the motion was seconded by Francis and carried, Blackburn voting no. The latter made a vigorous appeal to have a gardener do the work as it would be cheaper and the work better done.

The chairman inquired what fee would be allowed Mr. O'Farrell. He stated that it was customary to allow 5 per cent on the contract price for the work. Mr. O'Farrell had estimated that the improvement of the grounds, according to his plans, would cost \$5000, but the work if left to completion might be much less.

Blackburn favored employing a gardener and having the work done at a monthly salary of \$75.

Mr. Sullivan, an attorney representing Mr. O'Farrell, stated that the usual fee to landscape gardeners for such plans as the board had called for was 5 per cent of the contract price.

The matter was laid over until the afternoon session. The sale of the Greensburg school bonds was taken up and the following bids opened:

G. G. Blymyer & Co., San Francisco—Premium, \$17.50 par and accrued interest.

First National Bank, Redwood City—Premium, \$15.10, par and accrued interest.

On motion of Blackburn, seconded by McEvoy, the bid of the First National bank was accepted.

C. Sharp, representing the California Development Board, addressed the board in reference to the county maintaining an exhibit at the Ferry Building in San Francisco. Mr. Sharp made a lengthy address showing the advantages of a good exhibit of the county's products. The county would be allowed 10 square feet for \$15 per month.

Mr. E. I. Woodman spoke in favor of the proposition. The board agreed to accept the proposal when a suitable exhibit of the county's products could be made.

A communication was received from Harry B. Morey of Menlo Park offering to purchase the doors and other woodwork saved from the former courthouse for \$100. The bid being considered too low was rejected on motion of Blackburn, seconded by Casey.

The District Attorney explained to the board that when the gymnasium was occupied by the county for a courthouse after the earthquake, it was used by the young people of Redwood City as an athletic club and that all the apparatus was destroyed. He thought it could be replaced for \$240 and that it was only fair that it should be put back after some discussion Donald McKenzie was instructed to look after the apparatus.

A communication was read from the H. S. Crocker Company, offering to install furniture in the various offices of the courthouse. A representative of the company was present and explained the quality of the furniture to be put in. He presented the board with a list of the same.

The chairman insisted that bids be called for. On motion of Francis the matter went over until the next meeting and in the mean time the superintendent of the courthouse was directed to check up the fixtures the company had already provided.

A map of Woodlawn place was presented and ordered filed.

The matter of fixing a fee for the plans of J. O'Farrell went over until the next meeting of the board. The surveyor was directed to prepare a map of the courthouse grounds showing what improvements are to be made.

The claim of the J. J. O'Brien company for \$300 for a burglar alarm installed in the courthouse was allowed and ordered paid on motion of Casey, seconded by Francis.

On motion of Francis, seconded by Casey, the office of courthouse superintendent was declared vacant on and after August 5th.

Casey presented claims aggregating \$607.70 incurred by his predecessor which he stated that he would allow out of his fund but no other

claims of that character would be recognized by him.

On motion of Francis seconded by Casey, the office of courthouse superintendent was declared vacant after August 5th.

Donald McKenzie stated to the board that it would be impossible for him to complete his work by August 5th, the date on which his employment as superintendent would cease. He thought he could clean up everything by the next meeting.

On motion of Blackburn, seconded by Casey, the former motion was rescinded and it was ordered that Mr. McKenzie continue with his work until further notice.

Blackburn reported that his pumping plant at Pescadero, including engine, pump and tank was destroyed by fire on Friday last. He asked assistance in rebuilding it and was authorized to draw on the general fund in an amount not to exceed \$800 for that purpose. Blackburn was also authorized to employ the surveyor in the selection of a new site for his plant.

Lost—Small black female Crocker Spaniel; brass and tourmaline collar. Answers to name of "Winkie" reward. Phone A. Seal, Palo Alto.

For Rent—Two furnished rooms. Call at Mrs. H. Butts, Railroad avenue.

To Lease—On shares or for cash, ranch of 200 acres, one and a half miles west of Belmont; 400 acres plow land, balance pasture. Houses, barns, horses and farm tools. Apply to A. F. Johnson, Belmont.

REMINISCENCES OF PIONEER DAYS

Gleanings From the Records Left by the Men Who Laid the Foundation of San Mateo County Institutions

Here is another notice of an addition to the population of Redwood City: "Born in Redwood City, October 21st, 1873, to Mr. and Mrs. S. M. Cook, a daughter.

On the 5th of November, 1873, the town of Redwood City paid off the last of an indebtedness for the improvement of its streets. Five years before this time, the Trustees of the town found themselves in a rather embarrassing public position. The streets were in an impassable condition and there was an emphatic demand for their improvement, but at the same time the town treasury was impoverished and there was absolutely no funds from which to pay for the work. Fortunately, though, there was some considerable public spirit among the people and some who were willing to risk the credit of the town rather than allow its prospects for improvement to fail for want of decent streets. Among this class was William C. Ralston, who volunteered to advance the sum of \$5000 which it had been estimated as the probable cost of the work and accept as his security notes of the town, payable in installments. The generous offer of Mr. Ralston was accepted by the Trustees and the work of improvement started and carried through to the general satisfaction of the public. The interest on these notes was payable annually and as each year rolled round the city kept its faith and met the installment of the notes and the interest. The first year the total payment was \$1,500, the second \$1400, the third \$1,300, the fourth \$1200 and the last payment was \$1100.

At the meeting of the Redwood City Lodge No. 168, F. & A. M. on November 29th the following officers were elected to serve the lodge for the coming Masonic year: P. P. Chamberlain, worshipful master; L. P. Cooley, senior warden; C. A. Kirk, patriarch, junior warden; H. N. Nutting, treasurer; and W. R. Thomas, secretary. That Masonic honors were not cheaply obtained in those days, it is a matter of recollection among the older members of the fraternity that it was necessary for Mr. Chamberlain to journey to Santa Cruz to obtain the documentary evidence which would enable him to assume the high station for which his brethren had selected him, a journey at that time attended with some difficulty and much fatigue. As far as Santa Clara the trip was pleasant and uneventful enough, being made on the railroad much as it would at this time. But from that point to Santa Cruz it was a different story. At that time the only means of reaching the coast town was by a stage over the mountains, and in the winter time over anything but a good road. When the stage started from Santa Clara there was every indication of an approaching storm, but the matter in hand was of too much importance to allow prospects of nasty weather to compell the postponement of the trip. Before crossing the mountain a severe snow storm was encountered and the party reached Santa Cruz in a thoroughly chilled condition. This was but little of a damper, and the cherished certificate was obtained and Mr. Chamberlain returned to Redwood City a pleased and happy man, and on the 18th of December was duly installed as the master of the lodge in which he has ever since displayed a most active interest.

On the 6th of December, 1873, Judge Horace Templeton, one of the most prominent of the pioneer citizens of San Mateo County, and a man who had made a state wide reputation for himself, passed to his eternal rest after a short illness. Judge Templeton was a native of

DEMOCRATS ENDORSE F. W. RICHARDSON

Republican Candidate for State Printer Commended by Press of the Opposing Party.

It is seldom that a candidate for any public office is so universally endorsed by the press of the State as is Friend William Richardson, who aspires to the nomination for the office of State Printer on the Republican ticket. Not only has he the endorsement of the Republican papers but he is also being urged by many of the leading Democratic journals. Senator Sanford one of the leaders in the Democratic party, and the editor and proprietor of the

FRIEND WILLIAM RICHARDSON

Prominent Newspaper Publisher Who Would be State Printer.

Utah Dispatch-Democrat, has repeatedly given him strong endorsement and will doubtless give him his support in the fall campaign.

In speaking of his candidacy the Healdsburg Tribune says: "Early this spring, when the gubernatorial candidates were being asked for the press of the state (is seemed as a body) arose and demanded that Friend William Richardson become their candidate. But Richardson was obdurate, and repeatedly said he did not desire to become a candidate for any office under any circumstance, so the hopes of his friends had to be buried. But it seemed these hopes wouldn't stay buried, and so they again mentioned his name for office this time for State printer.

Finally becoming convinced that his friends of the press would not be satisfied, he consented to make the race, and today the Tribune finds its greatest pleasure in endorsing the candidacy of Friend Richardson for superintendent of state printing, and would urge each of our Republican readers to cast their vote for him, and the Democrats and other party men to write his name in the blank space provided on the primary ballots."

An Epistolary Hint.

In the letter from Boston was a special delivery stamp. "What did she send that for?" the woman wondered. "The information she wants can be sent in an ordinary letter. It would need to be sent special."

"That stamp," said the man, "is a delicate hint to be quick about answering. It is a hurry-up device used by many men. It is very effective. A two-cent stamp does not always spur one on to any special effort, but a special delivery stamp means that the writer wants what he wants when he wants it, and the most dilatory correspondent alive is not going to let any grass grow between the scratches of his pen when answering."—New York Press.

Mantle Rays.

"There are X rays and X rays, and there are also rays from those mantle things that you put on gas burners to improve the light." The speaker, a photographer, pointed to a batch of fogged plates. "I know to my cost that there are mantle rays," said he. "For a month I stored new plates in a closet along with a mantle, and all of them got fogged. The mantle, you see, contained thorium, a radioactive substance that penetrates a cardboard plate box as easily as it penetrates glass. I didn't know that till my doctor told me so last week. My ignorance cost me over a hundred plates."—New York Press.

Shunted.

Editor—Is this your first effort? Budding poet—Yes, sir. Is it worth anything to you?

Editor (with emotion)—It's worth a guinea if you will promise not to write anything more for publication until after this has been printed. I want your entire output, you understand.

Budding poet—I promise that, all right. When will it be printed?

Editor—Never while I'm alive.—London Telegraph.

A kindness done to the good is never lost.—Plautus.

Old Pioneer Store

Chamberlain

Has the LARGEST FRESHEST and Most COMPLETE Stock of.....

CHAMBERLAIN

keeps in stock whatever you want to eat. There is no doubt about the quality, as nothing but standard groceries are sold. Before going to San Francisco to buy your winter provisions call at the Pioneer Store and consult Chamberlain. He will save you money

CHAMBERLAIN

sells Hardware, Nails, Tools, Screws, Locks, etc. Almost anything one may ever want in that line is kept on hand.

CHAMBERLAIN

Old Pioneer Store

Furniture for the parlor, bed-room, sitting-room, dining-room, or office, may be had at his store at reasonable prices. Carpets, Rugs, Mats, Oil Cloths, Curtains, Wall Paper, etc. New stock of new patterns just in. See them.

To Please the Palate

is our aim in serving meat—to retain the fine flavor Nature bestows, not to let it go to waste, as some meatshoppers do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.

THE GAS COMPANY ANNOUNCES

We'd rather have many consumers and each one saving and satisfied than a few big ones pleased and many little fellows overlooked.

So, until further notice, we'll sell proper gas-light fixtures ourselves, and let you have them at cost.

We'll install them free of charge, and do it right.

We'll also renew your gas mantles free any time within a year after we first install them.

We don't want you to waste gas with poor fixtures, so we'll inspect your gas lights free from time to time and keep them in proper order.

A satisfied customer makes business better.

We want all our consumers satisfied.
